Brea, CA USA

EUROPE OFFICE
Warsaw, Poland

ASIA OFFICE
Xindian, Taiwan

Our History:

In 2005, Antaira Technologies LLC. established our headquarters, in California, United States. Since then, Antaira has consistently provided a comprehensive range of product lines known for our dependable Ethernet infrastructures, extended temperature tolerance, and rugged enclosure designs. Our vast professional experience allows us to deploy a wide array of products worldwide in mission-critical applications across various markets, such as, automation, transportation, security, oil & gas, and power/utility.

To enhance our global service quality, Antaira Technologies Co., Ltd. and Antaira Technologies SP, Ltd. were opened in Taiwan and Poland, serving as branch offices dedicated to delivering improved technical support and logistic services. These offices are positioned to cater to the needs of customers in the Asia Pacific, Middle East, and European regions, ensuring a more efficient service experience.
